We appreciate your understanding in our efforts to maintain respectful guidelines for our practice to keep the caliber of care and service extraordinary.

Treatment

Our goal is to build a long-term relationship with you and to help you in a relaxed and friendly environment. We are committed to providing you with a thorough and complete understanding of your dental condition, so that you can make an informed decision about you treatment. We want to assure you we will be with you every step of the way and welcome any questions you may have.

By initialing this section and signing below, you indicate that you understand and agree to these treatment guidelines.

Financial Arrangements

Initials:

Dental treatment is an excellent investment in an individual's medical and psychological well-being. Financial considerations should not be an obstacle to obtaining this important, life-enhancing care. We are available to answer your questions and assist you in any way we can. We happily accept cash and credit cards (VISA, MasterCard, Discover, American Express and Care Credit). All financial arrangements must be made in advance with a member of our team. Please be prepared to pay any estimated patient portion co-pays at the time treatment is rendered.

I agree to be responsible for payment of all services rendered on my behalf or my dependants. I understand that payment is due at time of service unless other arrangements have been made previously. Any additional balance on account-for any reason- after insurance payments have been received are my responsibility.

By initialing this section and signing below, you indicate that you understand and agree to these financial guidelines.

Initials:

Appointments

We pre-plan and prepare for you visit and hope you have done the same. Your appointment time has been reserved especially for you and we strongly encourage all patients to keep their appointments. When time is lost due to last-minute changes, other patients in need of treatment cannot be seen and your treatment is delayed.

Should any scheduling changes be necessary, we require at least 48 hours advance notice during our normal business hours (Monday- Friday) to avoid a \$50.00 per half hour rescheduling fee.

Courtesy Reminder Calls

We consider all appointments confirmed when they are made. As a courtesy, we make every effort to remind patients by telephone prior to their appointment but please do not depend on this courtesy. We have found that with the recent popular use of answering machines, cell phones, pagers, and voice mails, some of our patients may not receive these reminder calls.

If we are unable to speak to you directly, your appointment card will serve as confirmation and implies your obligation to be present at that prearranged date and time.

By initialing this section and signing below, you indicate that you understand and agree to these appointment guidelines.

Assignment of Benefits Agreement for Allendale Dental

Our practice will accept an assignment of benefits from your insurance company with the conditions listed below. It is important to understand, though, that the agreement regarding your dental benefits is between you, your employer, and your insurance company. **The obligation you have with our practice is to pay for all treatment and services we provide to you, regardless of the amount that may or may not be reimbursed by your insurance company.** The following provisions identify our policies governing insurance claims.

Although we are willing to complete insurance information forms and submit a claim on your behalf, we do not accept responsibility for the outcome of the transaction. Completing insurance forms is a courtesy we extend to you in an effort to save you time and to facilitate payment to our practice from your insurance company. **By having our practice process your insurance forms, it is important that you understand that this does not eliminate your financial obligation for your treatment.**

We require you to sign this agreement and /or any other necessary assignment documents that may be required by your insurance company. This instructs your insurance company to make payment directly to our practice.

Your estimated copayment for treatment, which is the amount not covered by your insurance, is due at the time treatment is provided. Your estimated copayment may be adjusted after the time of treatment depending upon the final reconciliation of insurance payments. All charges you incur are your responsibility regardless of your insurance coverage. We will inform you of any balance due after we receive payment from your insurance company. This must be paid within 30 days. We do not send monthly statements. **We must emphasize that as your dental care provider, our relationship is with you, our patient, not your insurance company.**

Insurance payments ordinarily are received within 30-60 days from the time of billing. If your insurance company has not made payment to our practice within 60 days, we will ask you to pay the entire balance at that time. You will be responsible for seeking reimbursement from your insurance company at that time.

Our practice will not enter into a dispute with your insurance company over a claim, although we will provide necessary documentation if your insurance company requests to sort out any confusion or questions that may arise. We will cooperate fully with the regulations and requests of your insurance company. It is ultimately your responsibility to resolve any type of dispute over payments made or not made by your insurance company to our practice.

Returned checks are subject to a \$25.00 fee. Balances older than 60 days will be subject to collection fees and finance charges at the rate of 1.5% per month (18% annually).

Additionally, our practice may charge you for appointments that you do not keep and for appointments that you do not cancel with a 48-hour notice at our discretion.

I have read and accept the terms and conditions of this assignment of benefits agreement. I authorize my insurance company to pay my dental benefits directly to the practice.

Sedation

In order to insure as pleasant and comfortable dental experience as possible, you may be receiving some form of sedative medication during your treatment. Usually the agent is Nitrous Oxide analgesia (laughing gas), and this is sometimes used in conjunction with other medications. For your comfort and safety **if Nitrous Oxide is to be used, please do not eat or drink for four hours before the appointment.**

This is not general anesthesia. You will remain conscious throughout the entire procedure. It is however, a level of sedation which will relax you and relieve anxiety to allow us to complete the planned dental treatment with as minimal an amount of psychic and physical trauma as possible.

If you have any questions concerning any aspect of your treatment, please inform us so that we may clarify the situation.
